“ Too my daddy,
Lorenzo and I would like to thank you my Daddy for having the opportunity to care for you on your last years of journey in life. You have thought my family a lot in life. And will never be forgotten. Our travelling to Seattle, to California few times and to Las Vegas many times was a fun filled experience time. I remember our last night in Vegas. You had so much fun, you never came upstairs to sleep for threes hours before catching the flight home. Renzo went down the casino too find you at your spot. There you were drinking and still gambling. Lol. Getting on the plane you was all Pehu (drunk). Snoring loud on flight, Renzo had to wake you up to stop snoring lol. You will be sorely missed in our home. It feels different without you at home. But I know you are now with our mommy in heaven watching over our family. My scripture you have thought us in life is Joshua 1:9. And We will always live our life in gods grace and mercy because We will someday, will definitely be in heaven with you and mommy. Because you excepted Christ before you passed. That's the greatest gift of all.. We see you too eternity...
