Bruddah Glenn, It seemed like it was only yesterday that we sat at Anna Miller's in Pearl Ridge reminiscing "talkin" story about years long ago, high school days. Your recollections was amazing, we must have talked for 3 hours. We are so proud of your service to our country and representing the 50th with honor. With forever memories and much Aloha..Ed

Glenn was a cousin, a friend. Will miss his calls and updates over the years about the Hawaiian activities, House of Nobles updates. The telephone conversations usually ended with updates on his family, his baby Kamaka and her activities, his family, his wife - he was so proud of them, interested in genealogies and some of his lands, and he shortened the conversations by saying how he had to run and pick her up, take his doggies out, talk about Coco - his doggie which was adopted from another House of Nobles member, etc. Am honored to have known him. Not all of our House of Nobles members knew about his services that we missed. I suspect God wanted him to be one of his angels working on assignments with Michael the archangel, Gabriel, Raphael..... Thank you God for sharing your gift of Glenn with us, Much aloha for we will see him again. Malama Pono.
